Opis produktu

Raw black metal unleashed from the vampyric realms of France. WINDHELM is a french one-man band born in 2016, inspired by black metal from Les Legions Noires, which remains his main source of inspiration. Windhelm has an identity of its own and despite this misanthropic and cold spirit, his music has a great poetry, the texts are well written and his music captivating. With this new full length, WINDHELM stands as a new reference in this new era of French Underground Black Metal
