Opis produktu

Svart Records are proud to release the first official live album from cult death doom band Winter!

In August and September of 2012, **Winter** participated in the "Power of the Riff East/West" series of concerts held in California and New York. After first playing the West Coast shows with bands like **Pelican** and **Noothgrush** among others, **Winter** returned to their hometown New York on September 2nd and played a show in Brooklyn's **Warsaw** with their best line-up; **Stephen Flam**/Guitar, **John Alman**/Bass and vocals, **Jim Jackson**/Drums and original keyboardist **Tony Pinnisi** who played with the band first time since recording "Into Darkness" LP in 1989.

The rare appearance of this performance in Brooklyn, featuring all their classic tunes like *Servants of the Warsmen*, *Power and Might*, *Destiny*, *Eternal Frost* etc. was recorded, and is now presented here for all their fans. This isn't any cheap nostalgia driven reunion cash out, but a real and raw deal. RISE!
