Opis produktu

CD in Digipak with 16-page booklet

With an impressive body of work fanned out over the course of 18 years and five albums which have weathered as many trends, WITHERED continues to confound and refuses to compromise. New album 'Verloren' is the Atlanta quartet's most daring and iconoclastic work yet, one that spits in the eye of complacency and exists as a contrarian masterstroke.

'Verloren' translates to "missing" from German and demonstrates a topical uniqueness; one that discusses the stuff everyone from the steeliest of black metal cape wearers to the gore-obsessed death metal crushers and everyone playing in a band or not has had to - or will have to - confront at some point. By leveling the elitist playing field so often found in extreme metal underground attitudes, 'Verloren' offers a more holistic experience, elevating WITHERED by being unafraid to discuss topics that fly in the face of what most would connect to the sounds they make.

For fans of Tombs, Unearthly Trance, Coffinworm.
Artwork by Paul Romano (aka Workhardened).
