Opis produktu

In a 2019 Bandcamp interview to promote Wolfbrigade's last LP 'The Enemy: Reality', bassist Johan Erkenvåg observed that "the political climate in the world these past few years has been the worst that we've ever experienced in our lifetimes". After half a decade of war, pestilence, catastrophe and terror, it's as if the world heard Johan's assertion and said, "hold my beer". Mounting global chaos may have us all darkly fearing the end times, but it has also seemingly created the ideal circumstances for a hardcore punk LP as coruscatingly brutal as Wolfbrigade's 'Life Knife Death'.
