Wolvennest or WLVNNST is a musical project proposing a compositional process of guitar loops, repetitive beats, synthesizers keys mixed to darkened hypnotic ambient vocal sounds. WOLVENNEST start in 2013 and first album featuring Der Blutharsch and The Infinite Church Of The Leading Hand members Albin Julius and Marthynna as guests and co-writers of the album was described by experimented musical magazines and webzine as a mix of 70's sounds Krautrock and early 90's Norwegian Black Metal. The band consisting of Michel Kirby (LA MUERTE/ARKANGEL), Marc De Backer (MONGOLITO), Corvus Von Burtle (CULT OF ERINYES), Sharon Shazzula (AQUA NEBULA OSCILLATOR), John Marx and Jason Van Gullick (recently replace by Bram Moerenhout) got the opportunity to be part of cult festivals as Roadburn, House Of The Holy, Desert Fest, Acherontic Arts Fest III and support-act for Electric Wizzard, Urfaust, DOOL and Wolves In A Throne Room. In between the band was already working on second and new album "VOID" which was entirely recorded in their home studio with DéHà same producer and mixer of their first album. With "VOID" WOLVENNEST will bring you into mysterious emotions and intense musical feelings.
