Opis produktu

One of Swedish Death Metal's most overlooked morbid-assembly WOMBATH celebrates their 20-year old debut album "Internal Caustic Torments" with the most absolute reissue to date!

Consisting of both the "Brutal Mights" Demo and "Several Shapes" EP and also as an exclusive treat for the true maniacs, a completely re-recorded track entitled "20:13 Silence Unveiled" (previously titled "As Silent As The Grave") has been revived, locked and set forever in WOMBATH history with modern production courtesy of Carnal Forge axeman Petri Kuusisto's SoundPeaQ Studio, Sweden.

With a further sonic remastering treatment by Unisound Studio helmer Dan Swanö, "Internal Caustic Torments" is definitely the most unprecedented piece of cult Swedish masterpiece that screams 'Classic Death Metal' from start to finish. For fans of early Gorguts, Malevolent Creation, Suffocation, etc!
