Ravenous Swedish Death Metal! Heavy, raw, melodic and mercilessly dark!

Hailing from Stockholm, Sweden, the breeding ground of Entombed, Dismember and Unleashed, Xorsist carry the city’s Death Metal legacy with conviction.

Rooted in the raw buzzsaw tradition of early ’90s Swedish Death Metal yet sharpened with modern bite, the band have steadily risen through the underground with “Deadly Possession” (2022) and “At the Somber Steps of Serenity” (2023).

While their earlier recordings honored the path that defined the classic Stockholm sound, “Aberrations” marks a decisive step forward, eclipsing everything that came before it and presenting a clearer, more defined expression of the band’s musical vision.

With this new chapter, Xorsist continue to carry the Swedish Death Metal torch into darker territory!

Line up:
Gustav Ryderfelt - Rhythm guitar & lead vocals
Birk Castenmalm - Bass & lead vocals
Pavel Lindegren - Lead guitar & backing vocals
Alphonse Bouquelon - Drums
