Czas wysyłki	**3 dni**
Producent	**Svart Rec.**

Opis produktu

The pioneering metal band Xysma ends 25 year hiatus with new album announced

Since the late 1980's when a new form of metal started to emerge from the ashes of the speed and thrash metal movement, **Xysma** were there making a racket. They've gone a long way from the pus-oozing grindcore of *Swarming Of The Maggots* (1989) to the death rolling groove of *Deluxe* and *Lotto* a few years later, becoming an internationally revered cult band over the years. Recently the band thought it best to end a 25 year sabbatical and announced that there's a new album in the works. Titled *No Place Like Alone*, the album will be released on *Svart Records* in early 2023.

The first slice of things to come drops this week. The single *Well Seasoning* will be released on all digital platforms this Friday. The short and to-the-point song is eerily reminiscent of classic mid-nineties Xysma, making the quarter of a century that separates us from those classic albums disappear. *Well Seasoning* is actually the first song the band finished after the decision to start working on new material. Xysma's sound has varied greatly from album to album, and *No Place Like Alone* is no exception to that golden rule. In addition to straightforward hard rocking numbers the record has its share of heavier moments but surprising elements abound as well.

The single *Well Seasoning*, a two and a half minute metal ode to the joys of cooking, will be out on Friday 7th of October and the band will play a single release show at **Tavastia** in Helsinki, Finland on October 15th.
