Opis produktu

Digipack CD

YERŮŠELEM is the newest entity created by *Vindsval* and *W.D.Feld* (**BLUT AUS NORD**).

The project's name speaks of an incalculable vastness of contemplation within: **YERŮŠELEM**'s sound is a congruent melding of powerfully bass-heavy Godfleshian clank and grind, the sacred ur-texts of Coil and Autechre, stark neo-gothic guitar leads with intimations of fusion, the freshness-into-fetid-air experimentation of back-end '90s Mayhem and Thorns, post-punk urbanity, psychedelic dreamgaze, subterranean industrial pulses and the crunching rhythmic crispness of modernist electronica.

First batch comes with black polycarbonate CDs.
