EDGED CIRCLE PRODUCTIONS are proud to finally announce highly anticipated second full-length album “Blazing Inferno” from Hellenic Black Metal cultists YOTH IRIA.

Metal, magic and freedom. Three words to describe Hellenic black metallers YOTH IRIA. Lead by the legendary Jim Mutilator, YOTH IRIA holds nothing back in recreating, reinventing and reigning in the light of the spirits of old. Although modern and exciting in their approach, the darkness YOTH IRIA thrust ahead into the nothingness of modern music, comes from an ancient place. A place untouched by the plagues of conformity and compromise. BLAZING INFERNO offers no pardon but provides you with a visit to the occult spirituality the modern world lacks to offer. Humanity used to be linked with nature and was respectful of the forces we weren’t capable of understanding. YOTH IRIA sends a strong spiritual reminder to all of us, to not ignore the past at the cost of your future.

“YOTH IRIA is the rays of Lucifer the first, Satan the second and Devil the third sent to the earth to help and give courage to the simple people and help mother earth to survive. After YOTH IRIA came in, the earth took shape and form. Magic as a way of life and freedom without fear.”

If you want to hear some new music that looks back without hesitation, but still creates something new and exciting - Check out BLAZING INFERNO!
