YOTH IRIA Gone with the Devil DIGIPAK [CD]

Cena	61,90 zł
Dostępność	Dostępny
Czas wysyłki	5 dni
Producent	Metal Blade

Opis produktu

This time we entered the studio with the clear intention of creating a landmark album for the band. It's a noble and challenging mission statement from Hellenic black metal troop Yoth Iria, and one that has amply succeeded in the form of *Gone With The Devil*, the Attica quartet's stellar third album. Their trajectory has been on a steep ascent since crafty 2021 debut *As The Flame Withers* and 2024's hypnotic *Blazing Inferno*, but there has audibly been a concerted determination to develop and expand in sinister new directions.

The daemonic avatar Yoth Iria was first explicitly summoned on Rotting Christ's legendary debut *Thy Mighty Contract* in 1993. Bassist/lyricist Jim Mutilator formed that band as Black Church in 1984, before also becoming a founder member of cult Athenian BM heroes Varathron for their first five years. Renewing the otherworldly atmospheres and occult ravishment for a new era, Yoth Iria functions almost as the third panel in an apocalyptic triptych of Hellenic black metal excellence.

There's a thrilling balance of ancient and modern, good and evil, harmony and dissonance, advancing Yoth Iria as a hungry contender for extreme metal's big leagues - an ever-improving unit with a glorious future. Appropriately, however, *Gone With The Devil* is best summed up with a line already coined by the band to describe their ongoing body of work: "Every note tells a story of rebirth, tradition, and the relentless pursuit of musical transcendence."

Track Listing:

1. Dare to Rebel
2. Woven Spells of a Demon
3. The Blind Eye of Antichrist
4. I, Totem
5. 3am
6. Give 'em My Beautiful Hell
7. Once in a Blue Moon
8. Blessed be He Who Enters
9. The End of the Known Civilization
10. Harut, Government, Fallen
